

Q: When should I start planning for my retirement?

A: RIGHT NOW!

No matter where you are in your career — just starting out, mid-career, or nearing retirement — you need to understand your retirement system plan, benefits, and options.

The earlier you begin, the better! Here's a perfect place to start:

Session Descriptions

TRS 101: Retirement System Basics

Does retirement seem too far off to worry about? Does TRS seem mysterious and confusing? If you answered "yes" to either question, this session is for you! You'll learn why it's smart to engage with TRS early and often throughout your career.

TRS Ready, Set, Retire!

Are you within 3-5 years of retiring? Are you unsure how to start the process with TRS? An experienced benefit officer will review all the steps you should take and decisions you will need to make in those final years. There will be time for Q&A afterward.

To register for these virtual sessions:

Go to trs.mt.gov/TrsInfo/Workshops and follow instructions.

Don't delay! Each session is limited to 100 participants.
