10. An employee who has a position that requires a replacement during illness must notify the supervisor on duty in sufficient time (at least four hours) before the beginning of their shift so that a replacement may be notified. Other employees must notify their immediate supervisor before or shortly after the time at which they were to report to work. Nursing service employees should notify staffing services instead of supervisor.
11. Before returning to duty, an employee who has a position that requires a replacement during illness must notify the supervisor on duty at least four hours before the beginning of their shift that they are returning to duty. Nursing services employees should notify staffing services instead of the supervisor. Failure to provide the required notice may subject the employee to discipline and upon reporting may be placed into a different work area for that shift or at the discretion of Management, be not utilized or paid.
12. Abuse of Sick Leave:
 - a. Chronic, persistent, or patterned use of sick leave or misrepresentation of the actual reason for charging an absence to sick leave may be subject to progressive discipline up to and including dismissal and forfeiture of the lump sum payment.
 - b. Absences improperly charged to sick leave may, at the agency's discretion, be charged to available compensatory time or leave without pay. Annual leave may be used at the mutual agreement of the employee and the agency.
13. Sick leave taken over a holiday may not be charged to an employee's sick leave for that day.
14. Supervisors may not require "automatic" medical documentation, such as requiring medical documentation for any absence in excess of a certain number of days. Medical documentation is only required when there is a suspicion of sick leave abuse, or if a medical release is required to affirm an employee is fit for service.
15. When a physician's certificate is necessary, the Employer may receive a report signed by the employee's attending physician which states that the employee was unable to report for work and which shall include the date seen by the physician, the date of release, if the reason relates to a contagious condition, and a statement indicating that the employee is capable of resuming all the duties of their assigned position. Management may not require the submission of a diagnosis or other confidential medical information as a condition of

returning to work, but may require other pertinent information.

Section 4. Leave of Absence.

1. An employee may be granted a leave of absence without pay in cases of protracted illness, injury, pregnancy, or adoption or for educational study or other good and sufficient reasons as determined by the Employer. Leave for medical or adoptive purposes shall require a written statement of a medical doctor or the adoption agency.
2. Employees must have been in the service of the Employer for at least six months before establishing eligibility for leave of absence without pay, however, under extraordinary circumstance; the Division Administrator may waive the requirement for completion of six months and grant such leave.
3. Such leave may be granted at the discretion of the Division Administrator, or designee, for periods not exceeding 12 months. Leaves caused by accidents compensated by the State Fund shall not affect seniority accrual, and the leave shall be approved for up to six (6) months. When an employee requires a job accommodation, they will be placed in an available vacant position taking precedence over employees with more seniority.
4. Permanent employees on leave for worker's compensation who are able to return to work within six (6) months from the date of their accident shall be entitled to re-employment in their former position.
5. This Section shall not interfere with Management's right to lay off employees according to Article 13, Section 6.
6. The Employer may require submission of the standard medical release form from employees seeking to return to work from a leave caused by industrial accident.
7. Employees on industrial accident whose positions are filled by temporary hires shall be informed in advance of any notice requirements prior to their return to work.

Section 5. Maternity Leave. Eligible employees will be granted maternity leave as provided in Section 49-2-310 and 49-2-311, MCA.

Section 6. Military Leave. Eligible employees will be granted military leave as provided in Section 10-1-1009, MCA.

Section 7. Jury Duty/Service as Witness. Employees will be granted leave to serve as jurors or witnesses in accordance with Section 2-18-619, MCA.

1. Each employee who is under proper summons as a juror shall collect all fees and allowances payable as a result of the service and forward the fees to the appropriate accounting office. Juror fees must be applied against the amount due the employee from the Employer. However, if an employee elects to use annual

leave to serve on a jury, the employee may not be required to remit the juror fees to the Employer. An employee is not required to remit to the Employer any expense or mileage allowance paid by the court.

2. An employee subpoenaed to serve as a witness shall collect all fees and allowances payable as a result of the service and forward the fees to the appropriate accounting office. Witness fees shall be applied against the amount due the employee from his Employer. However, if an employee elects to charge his witness time off against his annual leave, he shall not be required to remit his witness fees to his Employer. In no instance is an employee required to remit to his Employer any expense or mileage allowances paid him by the court.
3. Employers may request the court to excuse their employees from jury duty if they are needed for the proper operation of a unit of state government.

ARTICLE 12. **SENIORITY**

Section 1. Seniority is defined as the length of continuous service in a permanent position within the bargaining unit since the last date of hire. If seniority dates are the same, then seniority shall be determined each time the need arises to break a tie through a drawing of names from a hat from which the first name drawn temporarily gains seniority.

Section 2. Seniority shall not be recognized for temporary employees except that if a temporary employee is subsequently hired into a permanent position without a break in service, seniority shall be recognized retroactively to the date of hire.

Section 3. Seniority shall be considered unbroken for all layoffs and approved leaves of absence not exceeding one year, except industrial accident leave which may not exceed 18 months.

Section 4. Seniority shall be revoked if an employee: retires or otherwise terminates employment; is discharged for cause; permanently transfers out of the bargaining unit; or refuses or fails to respond to a recall from layoff to a permanent position within the same classification or similar classification of the same grade level in the bargaining unit within 14 calendar days of notice of recall, or refuses to return to work on the date requested, as long as the date requested allows an employee who has obtained interim employment to give two weeks' notice of termination to the interim Employer.

Section 5. If a layoff or reduction in force occurs, management will lay off employees in inverse order of seniority within the classification. The affected employee(s) may accept the layoff or bump the least senior employee in any classification within the bargaining unit for which they are minimally qualified. Employees who are displaced by this process may also accept the layoff or bump the least senior in any classification within the bargaining unit for which they are minimally qualified.

When remaining bids must be altered to meet the needs of hospital operations, the job posting, and bidding provisions of this agreement will apply.

1. Employees shall retain their recall rights for one year from the date of layoff. Employees on a layoff status shall be recalled by seniority to any available covered position for which they are qualified. Any employee who voluntarily accepts recall to a permanent position at a lower grade level will retain preference on recall to a position in the former classification. Acceptance of recall into a temporary position shall not affect the employee's recall right to a permanent position during the one-year preference period.
2. The Employer shall provide advance notice of 30 calendar days prior to any layoff and shall provide a list of affected employees to the Union at that time.
3. Permanent bargaining unit employees who are laid off or are noticed of layoff and are qualified to fill a vacant or newly-created position within the bargaining unit will be awarded that position.

Section 6. Employees who at their own request vacate a bid position may be converted to an available flex position with a reduction in grade and pay in accordance with the Pay Plan Rules.

ARTICLE 13. EMPLOYEE RIGHTS

Section 1. All new employees shall be subject to a probationary period of six months during which time the Employer will determine individual competency. This probationary period may be extended for a maximum of 90 days.

Section 2. No employee shall be disciplined, suspended, or discharged for reasons, which are discriminatory or capricious.

Section 3. No permanent employee shall be formally disciplined, issued a punitive suspension, or discharged except for just cause and with due process. Regarding due process, employees will be notified in writing of a date and time that an in-person due process meeting will be held to discuss the supervisor's concerns and potential reasons that may lead to discipline. The supervisor will notify the employee in writing of their decision on discipline. When an employee is subject to due process, they will be notified in writing and scheduled for a meeting within 30 calendar days of management becoming aware of the incident. Management will deliver the response/decision within 14 calendar days of the in-person due process meeting.

The Employer may suspend with pay or reassign an employee during the course of an investigation when the Employer believes the continued presence of the employee may be detrimental to its operation. The employee will be informed of the known allegations or charges made against the employee in writing.

Section 4. An employee may request the presence of Union member or representative during an investigatory interview that the employee reasonably believes will result in them being disciplined. It is understood that such request will not unreasonably delay the investigatory process, and that no more than one Union member may be granted paid release time to attend the interview.

Section 5. The Employer agrees to provide notice to the Union of the discharge of any employee.

Section 6 Employees will have the right to refuse to work under conditions that are unsafe. Conditions may be deemed unsafe when the following process is completed: Upon discovery of an alleged unsafe condition, a completed hazard report will be submitted to the Safety Officer or designee by any Union member. The Safety Officer or designee will initiate review and/or investigate the situation within ten (10) calendar days of receipt of the hazard report and make a determination of the condition. The Safety Officer or designee will provide a written update to the reporting employee within fifteen (15) calendar days. In the event a condition is deemed unsafe, the Safety Officer will implement a corrective action plan to correct the deficiency within a reasonable time.

Section 7. After serving a probationary period, all permanent employees shall be evaluated as required by policy. All employees shall be provided with a copy of their evaluation and an opportunity to submit a written rebuttal within 15 calendar days to any statement or rating with which they disagree. Employees are entitled to have their evaluation reviewed by another management official in accordance with established policy.

Section 8. When adverse material is placed in an employee's personnel file, the employee may submit a written response to be attached in the file within 15 calendar days of receipt. No employee shall be compelled to sign any document placed in the personnel file. However, if an employee refuses to sign acknowledgement of the materials, a witness shall sign a statement to the fact that the employee refused to sign.

Section 9. Letters of warning or suspension shall be removed from the employee's personnel file after 18 months by written request from the employee to human resources, unless:

- 1) the employee is formally disciplined within the 18-month period;
- 2) the material is applicable to a pending legal or quasi-legal proceeding, or
- 3) where the material deals with patient abuse as defined in hospital policy.

In cases involving a pending legal or quasi-legal proceeding, any letters of warning or suspension shall remain in the personnel file for at least one year from the date of the most recent formal disciplinary action, until the resolution of the pending legal or quasi-legal proceeding, or until the expiration of the original 18-month period, whichever is longest. In cases involving sustained patient abuse and/or neglect, the material cited above will permanently remain in the personnel file.

Section 10. An employee may inspect or obtain a copy of any document contained in their personnel file. Except for materials related to the processing of a formal grievance, the employee shall pay ten cents per page for any document copied from the file.

Section 11. Material placed in the personnel file of an employee without conformity with the provisions of this Article will not be used as the basis for any subsequent disciplinary action involving the employee.

Section 12. The Union, through its representatives, may discuss changes in local rules and practices, which affect the working conditions of the bargaining unit members. If management intends to change past practice, the union will be informed in advance and given the opportunity to provide comment.

Section 13. On-the-Job Training. The most-senior employee assigned to a permanent position who wishes to engage in on-the-job training may be temporarily assigned to a temporary vacancy to enable the acquisition of experience. Upon completion of the temporary assignment, the employee will return to their former bid position. An employee assigned to a temporary position will be offered an orientation period not to exceed five days. In the event the employee believes the orientation is not necessary, the employee may opt out in writing. An employee requiring reassignment as part of an ADA accommodation is given preference in a vacant position over those who may be more senior, assuming the employee meets minimum qualifications of the position.

ARTICLE 14. **JOB POSTING AND BIDDING – SELECTION**

Section 1. When permanent positions are created, permanently modified or vacated they are to be filled and they shall be posted immediately for bid, unless subject to conditions outlined in Section 3, and advertised for seven calendar days. A copy of all bid notices shall be provided to the Union Secretary. The senior qualified applicant for all bid positions shall be appointed. The bid shall contain a minimum of the following:

- A. The days off associated with the position.
- B. The specific working hours associated with the position.
- C. The work location/unit associated with the position.
- D. The pay grade associated with the position.
- E. The minimum qualifications associated with the position.
- F. A bid applicant must accept or reject a bid award in writing within 48-hours excluding weekends and holidays.

Section 2. The Employer may designate that a portion of all psychiatric technician positions be classified as "flex" positions. Employees in designated flex positions may have their days off, shift assignment or work location altered in accordance with the bona fide staffing needs of the hospital.

Section 3. All appointments to bid positions shall be subject to a 60-day trial period during which period the Employer may retransfer the employee to their last held position if the Employer determines that the Employee is not meeting the minimum expectations of the newly appointed position. If an Employee voluntarily leaves a bid position within the 60-day trial period, they are not entitled to return to their last held bid position. If the trial period is not completed, or if the employee vacates the position for any other reason within the 60-day trial period, the second ranked applicant to the advertised position shall be appointed on the same basis without re-posting. A maximum of three applicants shall be considered during the original bid period.

Employees who receive formal disciplinary action may be removed from their bid position and reassigned elsewhere in the hospital in a flex position at management's discretion if evidence substantiates that continuation in their current assignment will be detrimental to hospital operations.

Section 4. For positions not filled according to Section 1, qualified bargaining unit members who make application for bargaining unit positions will be given first consideration over external applicants.

Section 5. When a Psychiatric Technician or Forensic Mental Health Technician makes request to alter their shift/day-off schedule, to an available "flex" position or bid on a permanent bid position they must have completed their 6-month probationary period. They shall submit the request in writing to Staffing Office Manager and at the request of the employee, be supplied with a dated receipt of request. When vacancies occur allowing for movement, the date of request shall be the governing system in which movement is allowed. It shall be conducted on a first come, first served manner according to the date of the request. If there is more than one request for that date, seniority shall prevail.

Section 6. Re-Organization: When an individual department is subject to a Management implemented re-organization, the positions are to be filled as follows:

- A. Upon the first posting of the affected positions, only bargaining unit members within the affected department are eligible to make application for the positions.
- B. In the event there are remaining positions following the initial posting, a second posting will be made in accordance with Article 14, section 1 through 5.

ARTICLE 15.

the decision and the remainder of the contract shall remain in full force and effect. Upon the issuance of such a decision, as described above, the parties may, with mutual agreement, negotiate a substitute for the invalidated article, section, or portion thereof.

ARTICLE 16.
NO STRIKE –
NO LOCKOUT

The Employer and Union agree there will be no strike, work stoppage, slowdown, or lockout during the term of this Agreement.

Nothing in the above Section will be construed to mean that an individual employee or group of employees shall be compelled to cross a legally established picket line authorized in accordance with the constitutions and bylaws of a recognized bargaining unit at Montana State Hospital at Warm Springs.

ARTICLE 17.
TERM OF
AGREEMENT

Section 1. This Agreement shall remain in full force and effect through the 30th day of June 2019. ADDENDUM A

MONTANA DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES MONTANA STATE HOSPITAL and MFPE Local # 5070

This addendum represents the parties' complete agreement for the 2019-2021 contract term concerning the placement, adjustment, and progression of bargaining unit employees' pay under the broadband pay plan prescribed by Section 2-18-303.

Section 1. Across the Board Pay Adjustments. Employees will receive a \$.50 salary increase each year of the biennium. Wage increases will become effective the first full pay period that includes January 1, 2020 and January 1, 2021. The increase shall apply to the employee's base pay.

Section 2. Longevity. All of the calculations are base rates and not inclusive of longevity.

Section 3. Hiring rates. Employees new to state government will typically be hired at the entry for the occupation. In determining a new employee's hiring rate above entry, the Supervisor, or designee, shall consider criteria such as: the employee's job-related qualifications and competencies; existing salary relationships within the job class, band and work unit; department affordability; and the competitive labor market.

Section 4. Training Assignments. The Supervisor or designee may establish written training assignments to enable an employee to gain the additional experience and training required for the job for a period of time not to exceed two years. At the completion of the training assignment, the employee's pay will be set no less than the entry rate of pay for the occupational pay band.

Section 5. Strategic Pay: Pay awarded to attract and retain key employees with competencies critical or vital to achievement of the Department's mission or strategic goals. The Department may consider strategic pay on a case-by-case basis. All strategic pay adjustments require prior approval of the Director of DPHHS.

Section 6. Situational Pay: Situational pay may be awarded based on unusual or unexpected circumstances that occur regarding vacancies, additional workload, special projects on a temporary basis, or serving in an acting lead worker or supervisory capacity. The Department may consider situational pay on a case-by-case basis.

Section 7. Market-Based Pay: Market-based pay is awarded to employees based on comparisons to how other employers compensate employees in similar jobs. Market-based comparisons consider not only base pay, but also other types of compensation and benefits having a definable dollar value. The Department may consider market-based pay adjustments on a case-by-case basis; so long as corresponding base pay adjustments are applied to all employees in the same job category to ensure their pay is at least equal to the new hire.

by and between

**State of Montana
Department of Public Health and Human Services**

And

Montana Federation of Public Employees

AFSCME

Montana Nurses Association

International Brotherhood of Teamsters

Intensive Behavior Center Craft Council

Montana State Hospital Craft Council

Effective Saturday, April 11, 2020, a \$4.00/hour temporary pay differential has been authorized for up to 40 hours per week for the following State of Montana DPHHS Facilities staff during the COVID-19 crisis:

1. State of Montana, Department of Public Health and Human Services staff who are required by the Department Director, their Branch Manager and Division Administrator to work at the following care facilities, without the option to telework, during the COVID-19 state of emergency:
 - a. **Intensive Behavior Center-Boulder**
 - b. **Montana Chemical Dependency Center-Butte**
 - c. **Montana Mental Health Nursing Care Center-Lewistown**
 - d. **Montana State Hospital-Warm Springs**
 - e. **Montana Veterans' Home-Columbia Falls**
2. DPHHS employees working in the above facilities are eligible for the \$4.00/hour pay differential if they are required by their agency administration to work within the above-identified facilities as their primary work location.
3. Employees who telework or have the ability to telework but choose not to are not eligible for the differential.
4. The temporary COVID-19 pay differential is only for time worked at the above-identified facilities. Differential pay will not be provided for leave time taken (including approved paid COVID-19 leave) or time worked outside the above-identified facilities.
5. The temporary COVID-19 pay differential will be considered part of the employee's base pay for the purposes of calculating overtime for non-exempt employees who have elected to receive overtime rather than compensatory time.

FOR EXAMPLE: An FLSA non-exempt employee being paid a base rate of \$10/hour and a differential of \$4/hour works 50 hours in a week. The employee will receive 40

hours of pay at \$14/hour and 10 hours at an overtime rate of \$14/hour X 1 ½ times at \$21/hour. Total pay for the week will be (40 hours X \$14/hour) + (10 overtime hours X \$21/hour). Total pay for the week is \$560 + \$210 = \$770.

6. Employees who misuse leave during the COVID-19 state of emergency lose any eligibility for differential pay.
7. Payroll will process the differential based on actual hours worked at the above-identified facilities. For staff who work in multiple locations inside and outside of the above-identified facilities, supervisors must differentiate for payroll the time that the employee is mandated to work within the above-identified facilities by indicating such time in the description field of the time sheet.
8. Differential pay is a privilege, not a right or entitlement. Management intends to continue this differential pay as long as the COVID-19 related emergency staffing status is in place. However, management reserves the right to discontinue with differential pay for any reason at any time upon 24 hours' notice.
