Section 6. Any permanent employee subject to layoff, transfer, or non-disciplinary demotion shall be given 21 calendar days advance notice of the action.

Section 7. No permanent employees shall be laid off or subject to non-disciplinary demotion while temporary or probationary employees in the same classification series are retained.

In recalling employees, the Employer shall send a certified, return receipt letter to the last known address of the employee with a copy to the Federation. The letter shall state that failure to notify the Employer within 14 calendar days of their intent to return to work shall constitute forfeiture of all recall rights. Recall rights shall be limited to a period of one year following the date of layoff.

ARTICLE 12 - ANNUAL LEAVE

Section 1. Each permanent full-time employee shall earn annual vacation leave credits from the first day of employment. Vacation leave credits earned shall be credited at the end of each pay period. However, employees are not entitled to any vacation leave with pay until they have been continuously employed for a period of six calendar months.

Section 2. Permanent part-time employees are entitled to pro-rated annual vacation benefits, if they have worked the qualifying period.

Section 3. An employee may not accrue annual vacation leave credits while in a leave-without-pay status.

Section 4. Temporary and seasonal employees are entitled to annual leave benefits provided they have worked the qualifying period.

Section 5. Vacation leave credits are earned at a yearly rate calculated in accordance with the following schedule, which applies to the total years of an employee's employment with any agency whether the employment is continuous or not:

Years of Employment.....	Working Days Credit
1 day through 10 years	15
10 years through 15 years	18
15 years through 20 years	21
20 years on	24

For the purpose of determining years of employment under this Section, an employee eligible to earn vacation credits under 2-18-611 must be credited with one year of employment for each period of 2,080 hours of service following his date of employment; an employee must be credited with 80 hours of service for each biweekly pay period in which he is in a pay status or on an authorized leave of absence without pay, regardless of the number of hours of service in the pay period.

Section 6. Absence from employment by reason of illness shall not be chargeable against unused vacation leave credits unless approved by the employee.

Section 7. Annual vacation leave may be accumulated to a total not to exceed two times the maximum number of days earned annually as of the end of the first pay period of the next calendar year. Excess vacation time is not forfeited if taken within 90 calendar days from the last day of the calendar year in which the excess was accrued or if denied by management for staffing considerations or if denied by management for staffing considerations.

Section 8. It is specifically agreed that in computing service time for vacation pay, employees shall receive credit for all eligible service in other state employment and/or employment by any political subdivision of the State of Montana. It shall be the employee's responsibility to present evidence of prior eligible service to the employer who shall verify the service before extending credit.

Section 9. Vacation leave taken over a holiday may not be charged to an employee's vacation leave for that day.

Section 10. It is understood and agreed that an employee within the bargaining unit may choose to take at least two consecutive accrued work weeks of annual leave per year. It is also understood that employees may take annual leave, with prior Management approval, at their individual discretion as long as the execution of this right does not cause an undue burden for the Employer's operation. Once approved, a leave request may not be revoked unless the Employer determines that the employee's absence will cause an undue burden for the Employer's operation.

Section 11. Vacation leave credits will not accrue for those hours exceeding 40 hours in a work week.

Section 12. For employees occupying an LPN position this section will be the ruling factor for determining how vacations are scheduled and granted for these employees. All other terms of this Article that are not in violation with this Section will apply. Annual leave for the purpose of this policy is defined as not less than ten days, not counting regularly scheduled days off, nor more than the annual accrual rate of the employee. Consideration must be given to the needs of the hospital, unit worked, and fellow employees.

- A. During the period of March 1st to April 15th of each year the employees of each shift will indicate their three choices of annual leave, indicating their order of preference.
- B. In addition to submitting three leave of absence requests, indicating preference, the employee must sign the annual leave request calendar, indicating date of desired annual leave and preference. Every attempt will be made to grant one of these choices, providing adequate staffing can be maintained to provide proper and safe patient care.
- C. Requests for ten or more consecutive days off, not counting regularly scheduled days off, will have priority over a request for a portion of the normal work week off over a period of weeks. Subsection M will govern requests for less than ten or more consecutive days off. Vacation consisting of more than ten consecutive work days

off, not counting regularly-scheduled days off, will not be guaranteed between June 1 and Labor Day and between December 1 and January 1 of each year.

- D. Seniority will prevail where requests for duplicate time off have been submitted.
- E. Employees who have had an annual leave request granted and subsequently reject that annual leave request, may submit a request for an alternate annual leave outside the time frame aforementioned. This leave of absence request may be granted if staffing permits and only if all requests within the aforementioned time frame have been satisfied.
- F. All requests for a leave of absence submitted within the time frame aforementioned will be responded to no later than one month prior to the requested time off.
- G. Requests for time off on Thanksgiving, Christmas Eve, Christmas Day, New Year's Eve, and New Year's Day must be submitted no sooner than October 1 and no later than November 1. When granting time off for these five days, the following factors will be considered:
 - i. adequate staffing,
 - ii. who had the day off last year (preference will be given to those who did not have the holiday off on the preceding year), and
 - iii. seniority
- H. Any person scheduled to work a holiday who is absent without report that day will automatically be given a three-day suspension when staffing pattern permits, after January 1st.
- I. Requests for a leave of absence less than the annual leave, as defined (ten days or more) must be submitted ten days prior to the requested time off and will be granted on a first-come, first- served basis.
- J. Employees of each shift and all industries are encouraged to coordinate their requests for annual leave with their fellow workers.
- K. Requests that have been previously submitted are null and void and must be resubmitted in accordance to this policy.
- L. Emergency leaves will be handled on an individual basis by the appropriate management employee.
- M. Vacation time may be taken on a split vacation basis. A split vacation shall be defined as two non-contiguous periods of time off, each consisting of a minimum of five days. When a split vacation is requested, the individual will be allowed only one additional vacation request, as set forth in Addendum B, which may also be split. Split vacation requests must be approved or denied for the entire period requested.

ARTICLE 13 - SICK LEAVE

Section 1. "Sick Leave" means a leave of absence with pay for a sickness suffered by an employee or their immediate family. Sick leave may also be used for maternity related disability; to receive medical, dental or eye examinations or treatment; or to attend the funeral of an immediate family member. With Management approval, sick leave may also be used upon the death or serious illness of a relative.

Section 2. Notification of absence because of illness shall be given as soon as possible prior to the beginning of the shift to either the immediate supervisor or to the individual designated to receive such calls. Management agrees to take appropriate steps to ensure notification to employees of the names and telephone numbers of the designated individuals. If the employee fails to give such notification, the absence may be charged to leave without pay.

Section 3. Each permanent full-time employee shall earn sick leave credits from the first day of employment. For calculating sick leave credits, 2,080 hours (52 weeks x 40 hours) shall equal one year. Sick leave credits shall be credited at the end of each pay period. Sick leave credits shall be earned at the rate of 12 working days for each year of service without restriction as to the number of working days that may be accumulated. Employees are not entitled to be paid sick leave until they have been continuously employed 90 days.

Section 4. An employee may not accrue sick leave credits while in a leave-without-pay status.

Section 5. Permanent part-time employees are entitled to prorated leave benefits if they have worked the qualifying period.

Section 6. Temporary and seasonal employees are entitled to sick leave benefits provided they have worked the qualifying period.

Section 9. An employee may participate in the sick leave fund for state employees in accordance with Section 2-18-618, MCA and rules adopted by the Department of Administration.

Section 10. Sick leave taken over a holiday may not be charged to an employee's sick leave for that day.

Section 11. In the event that an employee on annual leave becomes ill, the employee shall be afforded the right to change their annual leave status to sick leave status and to utilize available sick leave credits upon furnishing Management acceptable medical certification, if required.

Section 12. Supervisors may not require "automatic" medical documentation, such as requiring medical documentation for any absence in excess of a certain number of days. Medical documentation is only required when there is a suspicion of sick leave abuse or if a medical release is required to affirm an employee is fit for service.

The Employer may reimburse employees for attending such training subject to budgetary constraints.

Section 2. As part of the ongoing support for professional licensure, certification, and registration, Montana State Hospital may, at its discretion and upon written request from the employee, (1) give employees up to five days leave with pay to travel to and take tests necessary for licensure and certification; (2) pay up to \$500 in testing fees for initial certification, licensure and/or registration; and/or (3) pay reasonable travel expenses related to participation in licensure, certification or registration tests.

ARTICLE 18 - LEAVE WITHOUT PAY

Section 1. A leave without pay must be requested by the employee in advance, and Management shall then determine if the employee can be excused for the time requested. The employee shall use the standard leave request form. The approval or disapproval from Management shall be based on the needs of the agency, the reason for the request, and the employee's work record.

Section 2. A permanent employee injured on the job and eligible for Industrial Accident benefits shall retain all rights to their previously held position and shall be entitled to leave without pay for a period of up to six (6) months following the date of injury.

Section 3. A leave of absence or up to three (3) months may be granted to permanent employees with extended illness or disability, which is not job related, who provide medical certification which is acceptable to the Employer in accordance with the Family Medical Leave Act. Employees on leave without pay for disability related reasons shall be granted a hiring preference over outside applicants for open positions for which they are qualified for an additional three-month period.

Holidays not taken shall be compensated for at the employee's regular rate of pay in the last pay period of each fiscal year.

Section 3. The holidays listed in Section 1 shall be granted at the regular rate of pay to all eligible full-time employees except as provided for in Section 3. Eligible part-time employees shall receive pay or accrual for the holiday on a pro rata basis. To be eligible for holiday pay an employee must be in pay status on the last scheduled working day immediately before the holiday or on the first regularly scheduled working day immediately after the holiday.

Section 4. When a non-exempt employee is required by the Employer to work on a holiday listed above, s/he will be paid at the rate of 2½ times their regular rate of pay, or at the employee's option, 1½ times their regular rate of pay and an accumulation of up to eight hours based on hours worked, to be taken at a time agreeable to the employee and Employer. Non-exempt full-time employees shall be given the opportunity to select their option at the commencement of their employment and shall be bound by their

ARTICLE 21 - JOB POSTING

Section 1. The following procedures will be followed in the posting and filling of vacant or newly created permanent positions. - A. When a vacant or newly created permanent position is to be filled the Employer shall prepare a job posting notice and send it to be posted. The notice will be posted in a specific place designated for job opening notices and shall state where interested employees are to make application, the cutoff date for application submittals and the minimum qualifications. The most senior current permanent bargaining unit applicant employed within the same classification and grade that meets minimum qualifications will be awarded the position.

The purpose of this Committee is to discuss any item of mutual concern to either party and facilitate communications between the Employer and the bargaining unit. The Committee will not, however, take the place of the grievance procedure or the collective bargaining process. By mutual agreement, the parties may meet more often, or they may waive any meeting deemed to be unnecessary.

Nothing in the above Section will be construed to mean that an individual employee or group of employees shall be compelled to cross a legally established picket line authorized in accordance with the constitutions and bylaws of a recognized unit at Montana State Hospital at Warm Springs.

ARTICLE 27 - SEVERABILITY

Section 1. In the event that any provision of this Agreement shall be declared invalid or unenforceable by any court of competent jurisdiction, such decision shall not invalidate the entire Agreement, it being the expressed intention of the parties hereto that all other provisions not declared invalid or unenforceable, shall remain in full force and effect.

ARTICLE 28 - ENTIRE AGREEMENT

Section 1. The parties acknowledge that during negotiations which resulted in this Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining, and that the understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this Agreement.

Therefore, the Employer and the Federation, for the duration of this Agreement, each voluntarily and unqualifiedly waive the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any subject or matter specifically referred to or covered by this Agreement. This Article shall not be construed to in anyway restrict parties from commencing negotiations under Article 29, or under applicable law on any succeeding agreement to take effect upon termination of this Agreement.

Section 2. The parties recognize the right, obligation and duty of the Department of Administration and its duly designated officials to promulgate rules, regulations, directives, and orders from time to time as deemed necessary insofar as such rules, regulations, directives, and orders that affect the members of the bargaining unit covered by this Agreement are not inconsistent with the terms of this Agreement and are not inconsistent with the laws of the State of Montana and federal laws.

Section 2. During the term of the Agreement, if the Department of Public Health and Human Services agrees to negotiate or awards hazardous duty pay or shift differential to any other employee group within the department, then this contract may be opened for negotiations on those items.

Section 3. Should either party seek to modify this Agreement, it shall give written notice of such intention not less than 90 days prior to the expiration date of this Agreement. Negotiations may commence at any time thereafter.

It is also agreed that the Employer and the Federation will begin pre-budget negotiations in sufficient time to permit adequate negotiations on economic matters.

The Employer may bring employees into positions above the entry rate based on qualifications. Employees will be paid within the ranges above.

Employees who are currently being compensated at hourly rates below the entry rates above will be increased to the entry rates effective December 21, 2019, or the beginning

of the pay-period when the contract is ratified by the Union—whichever date is later. This is a one-time increase.

Section 1. Across the Board Pay Adjustments

Employees will receive a \$.50 salary increase each year of the biennium. Wage increases will become effective the first full pay period that includes January 1, 2020 and January 1, 2021. The increase shall apply to the employee's base pay.

Further, in accordance with Section 2-18-303(4)(a)(i), these adjustments will not be provided to employees until the State receives written notice that the employee's collective bargaining unit has ratified the agreement. If that notice is received after the effective date of the pay adjustment, the adjustment will be paid retroactively.

Section 2. Health Insurance

The Health Care and Benefits Division is managing the State Employee Group Health Plan to contain costs and minimize member cost impacts. Member contributions, copay amounts, deductibles, coinsurance levels, and maximum out of pocket levels will not increase through December 31, 2020. The State's share contribution (currently, \$1054 a month) will not change during the same period.

Section 3. Longevity. All of the calculations are base rates and not inclusive of longevity.

Section 4. Hiring rates. Employees new to state government will typically be hired at the entry for the occupation. In determining a new employee's hiring rate above entry, the Supervisor, or designee, shall consider criteria such as: the employee's job-related qualifications and competencies; existing salary relationships within the job class, band and work unit; department affordability; and the competitive labor market.

Section 5. Training Assignments. The Supervisor or designee may establish written training assignments to enable an employee to gain the additional experience and training required for the job for a period of time not to exceed two years. At the completion of the training assignment, the employee's pay will be set no less than the entry rate of pay for the occupational pay band.

Section 6. Strategic pay: Pay awarded to attract and retain key employees with competencies critical or vital to achievement of the Department's mission or strategic goals. The Department may consider strategic pay on a case-by-case basis. All strategic pay adjustments require prior approval of the Director of DPHHS.

Section 7. Situational Pay: Situational pay may be awarded based on unusual or unexpected circumstances that occur regarding vacancies, additional workload, special projects on a temporary basis, or serving in an acting lead worker or supervisory capacity. The Department may consider situational pay on a case-by-case basis and will calculate it as follows:

- * Lead worker/additional duties - Base rate times 7.5% not to exceed \$2.00/hr
- * Acting in a supervisory role - Base rate times 10% not to exceed \$2.50/hr

Section 8. Transfer or Promotion: For movement to a higher pay band or a different occupation within the same pay band, the employee's salary may be set within a range from the entry to the market rate of the higher occupational pay band. When setting pay, the following criteria will be considered:

- *The employee's job-related qualifications and competencies in the new position;
- * Salaries of other positions in the new occupational pay range and work unit;
- * The employer's ability to increase pay.

Effective Saturday, April 11, 2020, a \$4.00/hour temporary pay differential has been authorized for up to 40 hours per week for the following State of Montana DPHHS Facilities staff during the COVID-19 crisis:

1. State of Montana, Department of Public Health and Human Services staff who are required by the Department Director, their Branch Manager and Division Administrator to work at the following care facilities, without the option to telework, during the COVID-19 state of emergency:
 - a. **Intensive Behavior Center-Boulder**
 - b. **Montana Chemical Dependency Center-Butte**
 - c. **Montana Mental Health Nursing Care Center-Lewistown**
 - d. **Montana State Hospital-Warm Springs**
 - e. **Montana Veterans' Home-Columbia Falls**
2. DPHHS employees working in the above facilities are eligible for the \$4.00/hour pay differential if they are required by their agency administration to work within the above-identified facilities as their primary work location.
3. Employees who telework or have the ability to telework but choose not to are not eligible for the differential.
4. The temporary COVID-19 pay differential is only for time worked at the above-identified facilities. Differential pay will not be provided for leave time taken (including approved paid COVID-19 leave) or time worked outside the above-identified facilities.
5. The temporary COVID-19 pay differential will be considered part of the employee's base pay for the purposes of calculating overtime for non-exempt employees who have elected to receive overtime rather than compensatory time.

FOR EXAMPLE: An FLSA non-exempt employee being paid a base rate of \$10/hour and a differential of \$4/hour works 50 hours in a week. The employee will receive 40

hours of pay at \$14/hour and 10 hours at an overtime rate of \$14/hour X 1 ½ times at \$21/hour. Total pay for the week will be (40 hours X \$14/hour) + (10 overtime hours X \$21/hour). Total pay for the week is \$560 + \$210 = \$770.

6. Employees who misuse leave during the COVID-19 state of emergency lose any eligibility for differential pay.
7. Payroll will process the differential based on actual hours worked at the above-identified facilities. For staff who work in multiple locations inside and outside of the above-identified facilities, supervisors must differentiate for payroll the time that the employee is mandated to work within the above-identified facilities by indicating such time in the description field of the time sheet.
8. Differential pay is a privilege, not a right or entitlement. Management intends to continue this differential pay as long as the COVID-19 related emergency staffing status is in place. However, management reserves the right to discontinue with differential pay for any reason at any time upon 24 hours' notice.

This Memorandum of Understanding (MOU) entered into this 3/30/2022 by and between the State of Montana, Department of Health and Human Services (DPHHS), Montana State Hospital, hereinafter referred to as "Employer", and Montana Federation of Public Employees Local #5070 and Local #4436, Montana Nurses Association Local #2, Pacific Northwest Regional Council of Carpenters Local #112, International Brotherhood of Electrical Workers Local #233, International Association of Machinists District Lodge #86, International Union of Operating Engineers Local #400, Painters Local #1, United Association of Plumbers and Pipefitters Local #41, and International Brotherhood of Teamsters Local #2, hereinafter referred to as "Union".

The parties agree, due to staffing shortages related to the COVID-19 pandemic, to compensate non-exempt members of the bargaining units as shown below in addition to existing wage schedule:

- For paid hours beginning with the pay period starting on February 26, 2022, and ending on pay period ending March 25, 2022, all non-exempt employees covered by this agreement will be compensated at a rate of two times their regular hourly rate of pay for all approved overtime hours.

rate of two times their regular hourly rate of pay for all approved overtime hours during the timeframe specified in this Memorandum of Understanding. Starting with the pay period beginning on March 26, 2022, non-exempt employees who elected comp time in lieu of overtime compensation, will revert back to their original designation of receiving comp time instead of overtime pay.

- This double time incentive is offered due to an emergent staffing situation which has resulted from a significant spike in positive COVID-19 cases. This temporary incentive is not to be construed as a permanent benefit or right.

Overtime shifts will be offered to bargaining unit members first. Should shifts remain uncovered, they will be covered by non-bargaining unit members.

This MOU amends Labor Agreements No. 023; No. 024; No. 013; No. 008, and No. 103 as described herein. In all other respects, Labor Agreements remain unchanged.
