

# 2023 Legislative Scorecard

### A Note From MFPE President Amanda Curtis

**Every two years, the Montana** Legislature convenes to consider bills that affect our professions, paychecks, and pensions. Every two years, MFPE members adopt a legislative program based on our shared values and then follow that legislative program as we stand together to help the legislature make good decisions. This scorecard records each legislator's level of support for our shared values as MFPE members. We will use it to hold legislators accountable for the promises they made on the campaign trail and to the MFPE members who voted them into office.

MFPE President Amanda Curtis

While the 68th Legislature was incredibly challenging, MFPE members met those challenges head on. Our wins drastically outnumber our losses. **MFPE members bargained and then successfully lobbied for an historic pay plan** and a budget that will keep public services operational. We convinced legislators to stand with workers to defeat every single piece of anti–union legislation this session.

Together, we called on legislators to keep Montana's promise of stable pensions and dignified retirements for public employees. Although we headed off attacks on PERS and TRS, the legislature broke Montana's promise to troopers and sheriff's deputies by raising the age new hires can access their retirements from 40 to 50. We know which legislators voted against troopers and sheriff's deputies, and we've created this scorecard so the rest of Montana will know too.

This legislature was a mixed bag for public education. On a positive note, we successfully advocated for early literacy intervention programs for our youngest learners. Legislators also supported a new statewide health insurance pool that could lower costs for k-12 public school employees. Unfortunately, many legislators relied on national political messaging to further drive a wedge between families and their local public schools. And in the ugliest move of the session, state legislators passed two unconstitutional bills forcing private, for-profit charter schools and vouchers on our communities.

Thankfully, our Montana Constitution guards against these schemes to defund public schools, and we have already begun to fight both charters and vouchers in court.

On top of it all, MFPE members worked to protect the rights of cities and counties to determine our own local budgets, to preserve the non-partisan nature of our judicial, school, and municipal elections, and to defeat every single attempt to amend our Montana Constitution.

Our successes this session wouldn't have been possible if it weren't for the over 7,500 of us contacting legislators through our Rapid Response Team. MFPE members have a lot to be proud of, and we have a lot more work to do. We know our union family is in this for the long haul, and we'll never quit fighting for Montana.
